An Afternoon on the greens...

Don't miss the fantastic opportunity to thank clients, foster new business relationships or do some team building not to mention it's all in the name of charity! Whatever your reason there is surely no better way than to do so on the greens!

Held at Redwood Park Golf Club which is widely regarded as being one of the best courses in Auckland, nestled below the Waitakere Ranges at Swanson, 15 Kms from Auckland City, this slightly undulating course is very scenic and challenging. It is very mature for its 30 years. This Shotgun Start Stableford tournament is suitable for golfers of all abilities; so even the most novice of players can take part and have fun, round up your team of four for a fun filled afternoon.

Please join us for our annual charity golf day with all proceeds going to Asthma Auckland supporting their ongoing commitment to educate, inform and support people with Asthma and their families.

Refreshments will be served throughout the day and the event will conclude with a buffet dinner, prize-giving in the evening at the clubhouse.

2009 WINNER JOHN FELLOWES

TOURNAMENT DEFINITIONS

Shotgun Start:

Is a way to start a tournament in which all groups of players tee off simultaneously from different holes. If there are 18 groups of foursomes in a tournament, then each hole on the course will serve as the starting hole for a different group. Group A would start from No. 1, Group B from No. 2, and so on, and each group would begin play at the same time. A shotgun start allows for a tournament to be completed in the time it normally takes one group to finish 18 holes.

Stableford:

A Stableford competition is a golf tournament in which the object is to get the *highest* score. That's because in Stableford, golfers are awarded points based on their scores in relation to a fixed score at each hole. That fixed score can be par, or any number of strokes a tournament committee chooses.

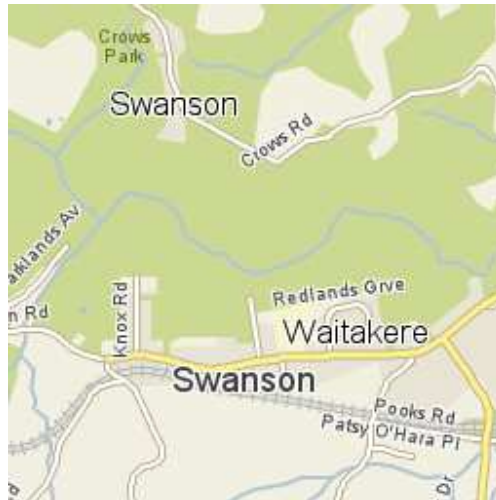

The Stableford scoring system works by having a player's net score for each hole getting a certain number of points : par = 2 pts; one under par = 3 pts; 2 under = 4 pts; 3 under = 5 pts; one over par = 1 pt; 2 over = 0 pts. Playing a round where you scored par on all holes would give you a score of 36.
